TEN COMMANDMENTS FOR OPEN LOTS.

By Carol Aronovici.

First.—If your neighbor's lot as you own, but be sure to love your own.

Second.—Don't plant tomato cans and rubbish on unused land. Their fruits are withered civic pride.

Third.—Don't allow yourself or your city to create dumps for waste. It can be made to pay for its own destruction at a profit.

Fourth.—Don't allow tumbledown buildings to stand on valuable land. They are financially wasteful. They create filth, invite vice and are a menace to life.

Fifth.—A fence that has ceased to be a fence and has become an offense should be repaired or destroyed.

Sixth.—Unregulated advertising on unused land pays for the maintenance of a public nuisance.

Seventh.—Two gardens may grow where one dump has bloomed before.

Eighth.—School gardens are valuable adjuncts to education and recreation. They can be cultivated on an open lot.

Ninth.—Let the children play on the unused land so that they may become strong and keep out of the hands of the law.

Tenth.—Let not an inch of land be kept in idleness. It has a divine right to bear fruits and flowers and ever serve the highest interest of man.

ENGAGE VILLAGE MANAGERS.

Two Suburbs of Chicago Have Adopted This Plan of Government.

The village of Glencoe is the second of Chicago's suburbs whose board of trustees has delegated administrative duties to a general manager. Following the example of River Forest, which adopted the plan last June and where the whole village machinery is well lubricated in consequence, Glencoe chose Herbert H. Sherer from among 200 applicants to take charge on Feb. 1. He receives a salary of \$1,800 a year.

Glencoe, like River Forest, has a population of 2,500. Both villages are typical suburbs, most of their men being employed in Chicago. The village trustees, who serve without pay, are men of affairs in the city who cannot give proper attention to the details of administration. The new manager is expected to co-ordinate the different departments of the village: purchase supplies, employ workmen, O. K. bills, report regularly to the board as to what is being done and recommend such changes as he may advocate.

During the seven months' trial of the scheme in River Forest, say the trustees of that village, its manager, Karl M. Mitchell, has served by a cost accounting system and improved methods in the various departments far more than has been paid him in salary. Mr. Mitchell had been connected with the Chicago Telephone company for sixteen years. He had received training at Northwestern university and the University of Chicago in finance, law and business organization.

Mr. Sherer made a record as superintendent of streets and alleys in Evanston, Ill. By the use of efficiency methods in his department he reports that he saved the city \$1,507.82 during 1913. In addition, \$493.79 was returned to the city treasury by the sale of baled waste paper and compost. His most noteworthy accomplishment perhaps has been the cleaning up of alleys. Armed with snapshots of refuse and junk piles, taken by his ally inspector, he has obtained convictions against offending householders.

Not only does the public support him, but his workmen are for him to the man. Some time ago he posted an "honor roll" bearing the names of those street cleaners and refuse collectors against whom no complaints had been registered during the previous month. The honor men were allowed each a day off duty at the city's expense during the following month. The "honor roll" is now an established institution, and last month over 40 per cent of the employees of the department were listed.

"MOVIES" AT STATIONS.

French Line to Use Films to Advertise Attractive Resorts.

Passengers on the Western State railway of France are soon to see free cinematograph performances at the main stations while waiting for trains. Ferdinand David, the minister of public works, is now considering the best means of establishing these cinema waiting rooms. The films shown will be taken by a special staff of operators and will represent the picturesque spots reached by the road.

The cinema will also be ingeniously pressed into electioneering service for the coming general elections for the chamber of deputies. One firm has already booked a large number of orders from deputies showing President Poincaré at political functions. Next to the president there is a blank space in the films where is to be inserted the photograph of the deputy. The films never fail to produce an impression on the constituents, who thus see their representative in deep and earnest conversation with the popular chief of state.

Sick Headache.

Mrs. A. L. Luckie, East Rochester, N. Y., was a victim of sick headache and despondency, caused by a badly weakened and debilitated condition of her stomach, when she began taking Chamberlain's Tablets. She says, "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health." For sale by all dealers.—Adv.

Fright to Be Guarded Against.

"Perhaps it seems incomprehensible to you," says Dr. Stoddard Goodhue, in the Cosmopolitan Magazine, "that a fright experienced by your child at the age of two or three years can be instrumental in determining the complexion of mind of that child after it has come to the adult age—can, for example, give it lifelong inherent timidity, that will dominate it under given conditions, but such is the case."

Child Cries? Feverish? Sick?

A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhea; grinds teeth while asleep, and starts up with terror—all suggest a Worm Killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box to-day. Start at once. You won't have to coax as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's trouble. 25c. at your druggist.—Adv.

School Teacher's Mission.

To capture the child of a child's mind through love and sympathy; to lead pupils toward higher ideals of life and duty; to establish closer relations between home and school and state; to exalt purity of life and conduct; to strengthen the moral tone of the community; to make good men and women; to establish and dignify the profession of teaching; to make education attractive; to magnify the state; to meet the need for educated citizenship; such is the exalted mission of the teacher.—Hon. Charles R. Skinner.

Keep Bowel Movement Regular.

Dr. King's New Life Pills keep stomach, liver and kidneys in healthy condition. Rid the body of poisons and waste. Improve your complexion by flushing the liver and kidneys. "I got more relief from one box of Dr. King's New Life Pills than any medicine I ever tried," says C. E. Hatfield, of Chicago, Ill., 25c. at your druggist.—Adv.

Perfectly Justifiable.

A somewhat laggard and procrastinating student one Sunday evening went to his instructor for aid in one of his studies, asking him if he thought it was wrong to study on Sunday. He was somewhat surprised to receive the reply, "If the Master was justified in pulling the ass out of the ditch on the Sabbath, was not the ass justifiable in trying to get himself out?"

Whooping Cough.

"About a year ago my three boys had whooping cough and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping fits. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Crooksville, Ohio. For sale by all dealers.—Adv.

Different "Fronts."

A retired army officer was in his back garden one day when a tramp came round the end of the house. "I've been at the front," he began, "and—"

The old officer beamed at him as he interrupted to ask, "Have you, indeed, my man? And were you wounded?"

"No," said the man, "no, sir, not exactly. But I couldn't make no one 'ear, so I come round to the back!"

Indigestion? Can't Eat? No Appetite?

A treatment of Electric Bitters increases your appetite, stops indigestion, you can eat everything. A real spring tonic for liver, kidney and stomach troubles. Cleanses your whole system and you feel fine. Electric Bitters did more for Mr. T. D. Peeble's stomach troubles than any medicine he ever tried. The gun'no (threateningly)—"Look here, Parkin, I've got tired of seeing these figures dropping month after month, and I shall have to seriously consider taking the only steps left to me to bring about an alteration." The Manager—"Yes, sir, and from when would your resignation take effect?"

Training for Hour of Need.

Be systematically heroic in little unnecessary points. Every day do something for no other reason than it should, so that, if an hour of need descends, it may find you trained to stand the test. The man who has daily inured himself to habits of concentrated attention, energetic will, and self-denial in unnecessary things, will stand like a tower when everything rocks around him.—William James.

Escapes An Awful Fate.

A thousand tongues could not express the gratitude of Mrs. J. E. Cox, of Joli et, Ill., for her wonderful deliverance from an awful fate. "Typhoid pneumonia had left me with a dreadful cough," she writes. "Sometimes I had such awful roughing spells I thought I would die. I could get no help from Doctor's treatment or other medicines till I used Dr. King's New Discovery. But I owe my life to this wonderful remedy for I scarcely cough at all now." Quick and safe, it is the most reliable of all throat and lung medicines. Every bottle guaranteed, 50c. and \$1.00. Trial bottle free at all druggists.—Adv.

Chamberlain's Liniment.

This preparation is intended especially for rheumatism, lame back, sprains and like ailments. It is a favorite with people who are well acquainted with its splendid qualities. Mrs. Charles Tanner, Wabash, Ind., says of it, "I have found Chamberlain's Liniment the best thing for lame back and sprains I have ever used. It works like a charm and relieves pain and soreness. It has been used by others of my family as well as myself for upwards of twenty years. 25c. and 50c. bottles. For sale by all dealers.—Adv.

"Throw Out The Line"—Weak kidneys need help.

They're often overlooked—they don't get the poison filtered out of the blood.

Will you help them?

Doan's Kidney Pills have brought benefit to thousands of kidney sufferers. Manning testimony proves their worth.

"Mrs. L. Newman, Manning, S. C., says: 'I consider Doan's Kidney Pills a fine backache and kidney remedy and I can say that they have been used in my home with great results. One of my family had a lame back and aching back, together with kidney weakness. Doan's Kidney Pills brought relief. I have never had need of Doan's Kidney Pills myself, but I have often advised their use, as I know what they will do.'"

FIX UP YOUR LIVER

AND FEEL GOOD

Why Risk Being "All Knocked Out" by Colic? Doan's Liver Tonic Takes Its Place and Is Safe.

When you are constipated and your liver is sluggish it is no longer necessary to try to fix yourself up with calomel, which everyone now knows to be a poison that sometimes remains in the system and causes evil after-effects—and is often very dangerous to many people.

Doan's Liver Tonic is guaranteed to take the place of calomel, to be a pleasant-tasting, easy-acting vegetable liquid, with no bad effects and causing no pain nor gripe nor interference with your regular duties, habits or diet. If you are not entirely satisfied with Doan's Liver Tonic, go back to the store where you bought it and get your money back. It belongs to you and Doan wants you to have it.

Dickson Drug Store sell and recommend Doan's Liver Tonic and they will cheerfully refund purchase price (\$5c.) instantly without question if the remedy fails to please you in every way its use has proved beneficial to many thousands and probably will to you.—Adv.

Definition of "Foreman."

One recent interpretation given for the term foreman is a man who is capable of stepping in at any point and doing this or that man's work better than he can do it himself. The young man who aspires to do all this in qualifying for foremanship has his work cut out for him.

The appetite flies and the strength falls; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Freirell, of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50c. at all druggists.—Adv.

Confederate monuments in the state, and others are yet to be erected. A home for ex-Confederate soldiers is maintained at Jacksonville. Last year the state appropriated \$5,000 to the Confederate soldiers' home in this city. Two Confederate monuments have been erected here, and a monument may be dedicated to the Women of the Confederacy during the coming reunion.

This brief exposition of the work that Florida is doing for the ex-Confederate soldiers, living and dead, is proof that the people of the state will extend a warm and generous welcome to the old soldiers and their friends on the occasion of the Jacksonville reunion. Florida, while situated far South of the great theater of war of 1861-65, felt the shock of the conflict. Jacksonville was occupied four different times by the federals. The purposes of this occupancy, according to official reports on file in archives of the War Department, were to keep the St. Johns river open from the mouth to the head of navigation and to arm the negroes for service in the Union Army. The small Confederate force in East Florida in 1863 was commanded by Gen. Joseph Finegan. On March 13, 1863, Gen. Finegan issued a proclamation here in which he said:

"I feel it my duty as brigadier-general commanding this district to inform the people of the district and of the state that our unscrupulous enemy has landed a large force of negroes, under command of white officers, at Jacksonville, under cover of gunboats. He is attempting to fortify the place so as to make it secure against attacks. The purpose of this movement is obvious and need not be mentioned in direct terms. It is sufficient to inspire the whole body of people with a renewed and sterner purpose of resistance. I therefore call on such of the citizens as can possibly leave their homes to arm and organize themselves into companies without delay and report to me."

Gen. R. Saxton (U. S. A.) in a report to the War Department dated March 14, 1863, says: "The object of this expedition was to occupy Jacksonville and make it the base of operations for the arming of negroes and securing in this way possession of the entire State of Florida."

FLORIDA GENEROUS TO VETERANS

Pays Out More Money to Sustain Old Soldiers

Than Any Other Southern State and Builds Monuments to Memory—Confederate Reunion May 6, 7, 8, at Jacksonville.

Jacksonville, Fla.—The State of Florida pays out more money per capita for the support of dependent ex-Confederate soldiers than any other Southern State. This fact should be sufficient to convince ex-Confederates everywhere that when they and their descendants visit Jacksonville on the occasion of the 24th annual reunion of the United Confederate Veterans' Association that they will be in the hands of their friends. The reunion will be held May 6, 7, 8.

The handsome total of \$600,000 per annum is being paid by the state for support of ex-Confederate pensioners. The average yearly amount paid to each person on the pension list, according to the latest report of the State Board of Pensions, is \$121.25, while the average paid to old soldiers is \$122.30. Widows of Confederate soldiers draw an average of \$120 per annum. Since the report from which these figures are taken was made, the legislature has passed a still more liberal pension law, which will authorize additional payments of approximately \$150,000 a year, making the total \$750,000 per annum paid to Confederate pensioners by the state.

There are 2,633 soldier pensioners on the rolls of the state and 2,377 widows of Confederates, making a total of 5,010. The fund to support this pension roll is raised by a tax of four mills on the assessed property of the taxpayer.

Florida is not only caring for the living but the memory of the dead is also kept green. Throughout the state handsome Confederate monuments have been erected by both public and private means. All told there are twenty, or possibly more, handsome

Confederate monuments in the state, and others are yet to be erected. A home for ex-Confederate soldiers is maintained at Jacksonville. Last year the state appropriated \$5,000 to the Confederate soldiers' home in this city. Two Confederate monuments have been erected here, and a monument may be dedicated to the Women of the Confederacy during the coming reunion.
